

Picture of the Lord's Ascension

Let your little ones make their own picture of the Lord.

Materials:

blue cover stock or construction paper for background page
strip of blue paper (1" x 10") for "lifting" the Lord into heaven
white or yellow cover stock or construction paper for the figure representing the Lord
oil pastels (such as Craypas)
scissors
glue stick or stapler

Procedure:

1. Cut a horizontal slit (1 1/4" wide) a few inches below the top center of the page. This will allow the strip of blue paper to move the Lord up and down.
2. Draw the Lord on white paper and glue or staple to the end of the blue strip.
3. Use oil pastels to make clouds on the top half of the page.
4. *Optional:* Tear pieces of green paper and glue them on the lower part of picture to make a hill.
5. *Optional:* Indicate the disciples by drawing their shoulders and backs of their heads near the bottom of the page.
6. Assemble so that the blue strip can slide, lifting the Lord into the clouds.
