

Make a Scroll or Accordion Book about Life in Heaven

Have a child (or group of children) illustrate different aspects of life in heaven on separate pieces of paper.

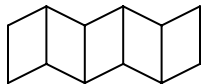

Materials:

pieces of paper of a uniform size
colored pencils, markers, gel pens, or crayons
tape (if making accordion book)

Ideas for the pages include:

Baby or little child with angel mother
Little children playing in a beautiful park
A beautiful heavenly sky
A young girl in heaven with her garden
The open Word
Boys running or playing a ball game
A theatrical performance outside a city in heaven
The Lord seen in the Heavenly Sun

Note: These can be taped together vertically into a scroll or horizontally to make an accordion book and then put on display!

Accordion Book
