

FOCUSING ON ANGELIC QUALITIES

No one becomes an angel, that is, comes into heaven, unless he carries with him from the world something of the angelic character. In this there is present a knowledge of the way from walking in it, and a walking in the way through a knowledge of it.

(see Divine Providence 60, emphasis added)

What are some qualities that you would associate with the “angelic character”?

Brainstorm a list of characteristics or qualities that a person looking to the Lord would want to cultivate.

OR

Think about specific things people might think, say, or do that would seem to bring them closer to the Lord.

Now choose one of these qualities or characteristics and focus on it. Are there opportunities for you to embrace this quality in your life?

Optional: Write each of these qualities on a flat stone (using acrylic or oil paint), then put the stones in a silk bag or small basket. Take out 1 stone each day and focus on it. For example: *honesty, courage, forgiveness, obedience.*
