

A SUN CAKE FOR NEW CHURCH DAY

Now a great sign appeared in heaven: a woman clothed with the sun... (Revelation 12:1).

The reason why she was seen "clothed with the sun," is because the church is in love to the Lord, for it acknowledges Him and does His commandments, and this is to love Him.
(Apocalypse Revealed 533)

Here is a delicious way to enhance your celebration of the birthday of the New Church!

Supplies:

Yellow cake mix or ingredients for making a yellow cake from scratch
White or yellow frosting/icing (store bought or made at home)
Two 8 inch cake pans
Yellow and orange food coloring
Optional: yellow decorating sugar, yellow candies, *etc.*

Directions:

1. Bake two 8" round layers of cake, using a yellow cake mix or your own cake recipe.
2. Let cool completely and remove from pan.
3. Before cutting the cake, freeze layers briefly (20min) to make cutting easier (and fewer crumbs).
4. Prepare the frosting, adding yellow food coloring as needed to make the frosting a sunny color. Kids will enjoy mixing the food color into the icing!
5. Leave the bottom cake layer uncut and place on a large round plate or platter. Frost with yellow icing.
6. Cut the second cake layer as shown below. Place the large (sun-shaped) piece on top of the bottom layer, and then frost with darker yellow icing. (Just add a little more food coloring to the frosting.)
7. Arrange the small triangular pieces around edges of bottom layer and ice with an even brighter, slightly orange icing.
8. Sprinkle yellow decorating sugar over all. If desired, decorate with small yellow candies.
