

The Lord's Baptism

Matthew 3:15-17

1. Color the picture of the LORD.
2. Use light blue construction paper for the background and color in some dark blue water on the bottom or use dark blue construction paper and paste it on.
3. Cut out the dove and glue it in the "sky" above the water.
4. Cut a slit in the "water" big enough for the figure of the Lord to fit through.
5. Cut out the Lord. You can glue a strip of heavy paper on the back of the figure to make it stronger.
6. Slip the figure of the LORD through the slit.
7. Now you can make the LORD go down into the water to be baptized.
