

The Two Gateways

Baptism and Holy Supper are two gates through which a person can approach the Lord. Baptism is an introduction into the church and the Holy Supper is an introduction into heaven or a heavenly state (see *True Christian Religion* 721). With this project, children can set up two gates and move a person through the gates and toward the Lord.

Materials Needed:

scissors
colored pencils, markers, or crayons
tape or glue
large piece of paper as a base for the project
optional: ribbon for pathway to the Lord

Procedure:

- 1) Color and then cut out the pieces for the project: the Lord, 2 gates, the Word, and the children.
- 2) Fold each piece along the dotted lines. Folding the paper will allow the figures of the Lord and the children to stand like this.
- 3) Color a pathway on the large piece of paper that makes the base for project. Or use a wide piece of ribbon to make the path.
- 4) Then tape the gates onto the base of the project so that the path goes through them (as shown above).
- 5) Place the Lord at one end of the path.
- 6) Place the Word between the two gates.
- 7) Move the children through the baptism gate, to the Word, and then through the Holy Supper gate. These are all ways the Lord helps us travel on the pathway to heaven.
