

The Word Has Layers of Meaning

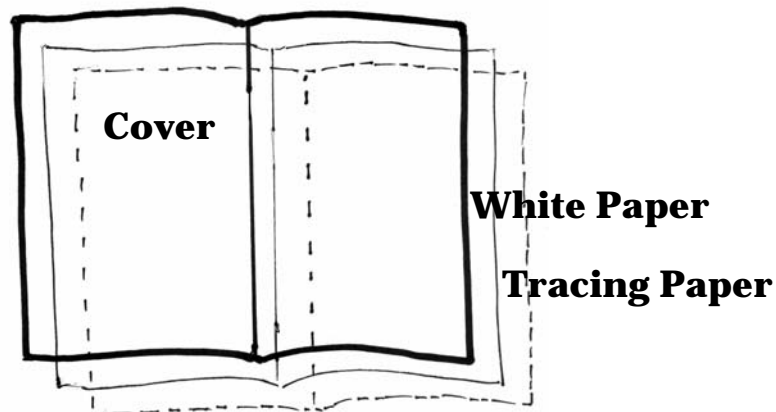

Make a book picturing the layers of meaning within the Word

You will need:

red construction paper for cover of the Word, cut into a rectangle
white or ivory paper for inside pages of the Word
tracing paper or white tissue paper to picture the inner meaning of the Word
red pen or marker
gold metallic pen or yellow marker
glue or stapler
optional: gold paper or other special paper with picture of the Lord

Directions:

1. Use red construction paper to make the cover of the Word (see pattern).
2. Use the white paper to make inside pages of the Word that give us spiritual food.
3. Use tracing paper to make pages representing the inner heavenly meaning.
4. Make a special page in the center, picturing the Lord.
5. Staple the book in the center, carefully attaching the center page.
6. On the white pages, write one or more favorite quotes from the Word.
7. On the tracing paper, write "Love and Wisdom from the Lord." These transparent pages represent the inner, heavenly meaning of the Word that helps us see the Lord more clearly. For everything in the Word is about the Lord when you reach the inner meaning seen by the angels in heaven.
8. On the center page, write "the Lord God Jesus Christ" in gold or yellow and make or draw a picture of the Lord.
