

## Moving Away from Evil

The Lord continually leads every person away from evil, as far as that person's own free choice allows. At the same time, the Lord uses a person's freedom to plant good in the person (see *Divine Providence* 97).

1. What do you think would happen if the Lord stepped in and stopped you from making a bad choice that you wanted to make every time you tried it?
2. Why do you think the Lord cares so much that we get to make our own choices, even if they are the wrong ones?
3. How can the consequences of our bad choices help us?
4. Can you think of a time when something good came out of something bad happening?
