

"I Feel Your Love When I Say My Prayer"

A Prayer for Young Children

This prayer was written by Christine Taylor to help young children talk with the Lord in prayer. Here are some ideas on how you may want to use it with your children.

- ❖ Read this prayer aloud to your children at bedtime. It is comforting for children to remember that the Lord is taking care of them all the time.
- ❖ Help your children learn to say this prayer with you. As part of this process you may want to stop just before the last word of a sentence and see if your children can supply the "missing word."
- ❖ Let your little ones decorate the border of this prayer with crayons or by applying colorful stickers around the edge.

I Feel Your Love When I Say My Prayer

A Prayer for Little Children

by Christine Taylor

from the Early Childhood Religion Program

Lord Jesus, You're closer
When I say my prayer.
I feel Your love.
I know You're there.

You give me comfort
When I need Your care.
I feel Your love.
I know You're there.

You make me happy
When I want to share.
I feel Your love.
I know You're there.

You always listen
When I say my prayer.
Thank You, Lord,
For being there.
