

## Make a Book about “Becoming an Angel”

*The whole world from first to last is full of representations and models of regeneration (True Christian Religion 687:3).*

Nature provides us with many illustrations of regeneration or spiritual rebirth. This is a spiritual process that everyone must go through to become an angel. The “Becoming an Angel” song by Lori Odhner touches on many of these illustrations or representations (inspired by *True Christian Religion 687*).

First sing the song (or listen to it) and then make pictures to illustrate each symbol for spiritual rebirth. These can be displayed as a mural or put together as a book that can be read and enjoyed.

### **Becoming an Angel Is Like:**

- ❖ The sunrise when its glorious colors fill the sky
- ❖ A silkworm when it changes into a butterfly
- ❖ The morning when the rains fall softly to the ground
- ❖ A fruit tree with its apples so red and ripe and round.
- ❖ The washing of little birds and then they start to sing.
- ❖ The flowers when they grow and blossom in the spring.
- ❖ The rainbow with its colors reaching to the clouds
- ❖ The oak tree with its branches reaching tall and proud.
