

Those Who Are With Us—A Folding Picture

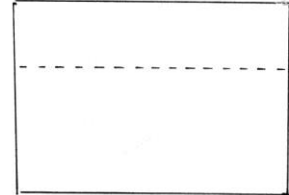

2 Kings 6

Materials:

construction paper or cover stock
crayons, colored markers, or oil pastels

Procedure:

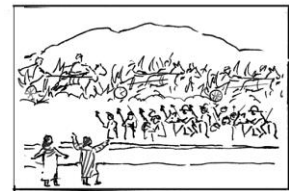

1. Fold down the top third of a sheet of construction paper as shown.

2. Draw a picture of what Elisha's servant saw, putting the mountain above the Syrian army on the flap of paper that is folded down.

3. Now lift up the flap and draw the mountain again to show what Elisha saw. Elisha's spiritual eyes were opened so he could see the angels ready to defend them. They had horses and chariots of fire, didn't they?

4. Now retell the story, showing first the mountain the servant saw and then lifting up the flap to show what Elisha saw.

Alternative Project: A Picture with Transparent Overlay

Materials:

construction paper or cover stock
transparency markers for drawing on the transparency
crayons, colored markers, or oil pastels
tape

Procedure:

Draw a picture of what Elisha's servant sees on a piece of paper, making sure to leave room for the angelic army that filled the mountainside.

Now attach a transparency (clear sheet) on top of the picture and draw what only Elisha saw.

Use tape to attach the transparency to the other picture along the top edge so that it can be flipped back behind the picture of Elisha and his servant or laid on top of it, as you retell the story.
